THE ATELIER STORY

Every cup begins as raw material.

Mỗi sắc độ bắt đầu từ một chất liệu.

Inspired by the heritage of Thợ Nhuộm Street, Atelier reimagines the spirit of a traditional dyer's workshop. Beans, leaves, cacao and fruits become our materials; grinding, dripping, steeping, whisking and pressing reveal their distinctive shades.

Lấy cảm hứng từ phố Thợ Nhuộm, Atelier tái hiện tinh thần của một xưởng thủ công: hạt cà phê, lá trà, cacao và trái cây là chất liệu; mỗi thao tác pha chế là một cách mở ra màu sắc, kết cấu và thời gian.

ARABICA

Just as every dye begins with a carefully chosen material, our coffee begins with washed Arabica grown in Trại Hành, Đà Lạt, at 800–1,200 metres.

Its natural palette unfolds in layers of dried fruit, delicate tea and roasted nuts, rounded by gentle sweetness and a full body.

ROBUSTA

Bold and full-bodied, our honey-processed Single Origin Robusta is grown in Đắk Lắk at 600–800 metres. It reveals rounded notes of milk chocolate and honeyed sweetness, selected for our modern interpretation of Vietnamese coffee.
